**Did It! From Yippie to Yuppie** Nov 26 2019 This is a coffee table art book and biography of Yippie Jerry Rubin. This overstuffed coffee table book is not only the first biography of the infamous and ubiquitous Jerry Rubin—co-founder of the Yippies, Anti-Vietnam War activist, Chicago 8 defendant, social-networking pioneer, and a proponent of the Yuppie era—but a visual retrospective, with countless candid photos, personal diaries, and lost newspaper

clippings. It includes correspondence with Abbie Hoffman, Norman Mailer, John Lennon & Yoko Ono, Eldridge Cleaver, the Weathermen, and interviews with more than 75 of Rubin's friends, foes, and comrades. It reveals Rubins' and the Yippies' historical-and-bizarre personal interactions with the likes of Allen Ginsberg, Bob Dylan, Charles Manson, Mick Jagger, and other iconic figures of the era.

**The Serious Kiss** Jan 09 2021 Libby's father is  
a drunk, her mum wouldn't know the meaning of  
home cooking if it landed in her lap and her  
brother's in trouble with the police - but none of  
this matters, as Zack is interested in HER, not  
her home-life. But just as things are working out

on the boy front, Libby's family lose their home,  
and have to move in with their gran. Libby has to  
start a new school, give up her plans for Zack,  
and leave her best friend Nadine behind. But  
slowly she discovers there really IS a silver  
lining to every grey cloud - and there's plenty to  
fall in love with in her new home: her gran's  
cooking, the school outsider who stands up to  
the bullies, and the deadbeat boy who wants to  
show her the beauty of the desert...

**Wallpaper** May 13 2021 We agonise and argue  
when choosing it; we admire, compliment and  
criticise it (or keep politely quiet about it); and  
the rest of the time we don't even notice it.  
Wallpaper has been the backdrop to our homes  
for hundreds of years. It can make a house feel  
cosy or trendy, modern or traditional, and it is  
one of the key elements of home décor through  
which to express personal taste. Despite the  
threat from plain-painted minimalism, wallpaper  
maintains a strong presence in modern domestic  
decoration. Zoë Hendon traces the history of

wallpaper in Britain and its foremost designers, examining how social mobility and new technologies have influenced design trends. From early Chinoiserie, through William Morris and on to the 'feature wall', this book looks at wallpaper's surprisingly controversial place in shaping our sense of home.

**The Yellow Wallpaper** Aug 28 2022 This short story is regarded as an important early work of American feminist literature, due to its illustration of the attitudes towards mental and physical health of women in the 19th century. Narrated in the first person, the story is a collection of journal entries written by a woman whose physician husband (John) has rented an old mansion for the summer. Forgoing other rooms in the house, the couple moves into the upstairs nursery. As a form of treatment, the unnamed woman is forbidden from working, and is encouraged to eat well and get plenty of air, so she can recuperate from what he calls a "temporary nervous depression - a slight hysterical tendency", a diagnosis common to women during that period.
