A photographic essay depicts the global destruction that AIDS is inflicting on its victims from America to Zimbabwe, depicting the pressing reality of the epidemic through shots of men, women, and children fighting for life. Simultaneous. Doug DuBois was first introduced to a group of teenagers from the Russell Heights housing estate while he was an artist-in-residence at the Sirius Arts Centre in Cobh, on the southwest coast of Ireland. He was fascinated by the insular neighborhood, in which "everyone seems to be someone's cousin, former girlfriend, or spouse." Little can happen there that isn't seen, discussed, distorted beyond all reason, and fiercely defended against any disapprobation from the outside. DuBois gained entry when Kevin and Eirn (two participants of a workshop he taught) took him to a local hangout spot, opening his eyes to a world of not-quite-adults struggling -- publicly and privately -- through the last days of their childhood. Over the course of five years, DuBois returned to Russell Heights. People came and left, relationships formed and dissolved, and babies were born. Combining portraits, spontaneous encounters, and collaborative performances, the images in My Last Day at Seventeen exist in a delicate balance between documentary and fiction. A powerful follow-up to DuBois' acclaimed first book, All the Days and Nights, this volume provides an incisive examination of the uncertainties of growing up in Ireland today, while highlighting the unique relationship sustained between artist and subject. Exhibition: Sirius Arts Centre, Cobh, Ireland (10.2015). In these seventeen essays (and one short story) the 2011 Man Booker Prize winner examines British, French and American writers who have meant most to him, as well as the cross-currents and overlappings of their different cultures. From the deceptiveness of Penelope Fitzgerald to the directness of Hemingway, from Kipling's view of France to the French view of Kipling, from the many translations of Madame Bovary to the fabulations of Ford Madox Ford, from the National Treasure Status of George Orwell to the despair of Michel Houellebecq, Julian Barnes considers what fiction is, and what it can do. As he writes in his preface, 'Novels tell us the most truth about life: what it is, how we live it, what it might be for, how we enjoy and value it, and how we lose it.' When his Letters from London came out in 1995, the Financial Times called him 'our best essayist'. This wise and deft collection confirms that judgment. Dicey struggles to make a go of a boatbuilding business while facing family concerns, romantic problems, and the uncertainties of a drifter who offers to help her in her work. New poems from Jim Dine mixing autobiography, politics and melancholy In A Beautiful Day, American artist Jim Dine (born 1935) presents 17 poems, including new pieces written during the coronavirus lockdown; others are older works he has recently rediscovered and reshaped. Seventeen-year-old Alan can't stand rows. But, though the Second World War has ended, peace hangs by a fine thread at home: his troublesome sister Madge creeps off for night-time liaisons with a German POW; their ineffectual father - broken by the hardships of war and an unhappy marriage - can't put food on the table despite the family's middle-class manners. Meanwhile, his mother pursues her escapist fantasies in romantic novels and love affairs. Obedient, faithful Alan is trapped among them all, the focus of their jibes and resentment, as inexorably the family heads towards disaster. Beryl Bainbridge's classic early novel is a vintage story of English domestic life, laced with sadness, irony and wicked black humour. 'One of the best novelists of her generation' - Guardian. George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In *Why I Write*, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. *Why I Write* is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

Where there's smoke there's fire, and no one knows this better than New Jersey bounty hunter Stephanie Plum. Dead bodies are showing up in shallow graves on the empty construction lot of Vincent Plum Bail Bonds. No one is sure who the killer is, or why the victims have been offed, but what is clear is that Stephanie's name is on the killer's list. Short on time to find the murderer, Stephanie is also under pressure from family and friends to choose between her on-again-off-again boyfriend, Trenton cop Joe Morelli, and the bad boy in her life, security expert Ranger. Stephanie's mom wants her to dump them both for a former high school football star who's just returned to town. Stephanie's sidekick, Lula, suggests a red-hot boudoir "bake-off." And Joe's old-world grandmother gives Stephanie "the eye," which may mean that it's time to get out of town. With a cold-blooded killer after her, a handful of hot men, and a capture list that includes a dancing bear and a senior citizen vampire, Stephanie's life looks like it's about to go up in smoke.

Frank Abbott, author, stumbles into a murder mystery when his neighbor at #17 is brutally murdered and he might have seen the murderer. Conflict arrives when the next day he finds the man he is having a luncheon date with, millionaire James Forbes, is the very man he saw enter the apartment bldg. This man has a very beautiful daughter that Abbott is quite interested in and he hesitates to say anything. Now he's being followed by a gray car that is linked to the Chinese Embassy. The murder victim's husband died in China. How much should he tell the Scotland Yard detectives? Is Mr. Forbes guilty or is he in danger too? What will happen to Evelyn Forbes if her father is guilty? Many twists and turns involving an American tourist, kidnapping, shots through the window, a conspiracy involving a Chinese political group, tiny carved ivory skulls, a motorbike chase and the two fun detectives from Scotland yard. The big question though is, does Abbott get the girl in the end?

London 1910 Abigail Fancy returns to the tiny town that the Fancys have ruled for decades, fresh from her second stint in prison and utterly out of time... A bold, punchy and wry novel from the author of *The Other Side of Beautiful*. A story about stories - those we tell, those we believe and those we make into a reality - whether they are true, murky or not true at all.

Port Kingerton: the insular cray-fishing town at the butt-end of South Australia, where everyone knows everyone. And everyone knows too that when Abigail Fancy left town at seventeen, she hung out the window of her boyfriend's Corolla, middle fingers held high, swearing she'd never come back. And she hasn't, until now. At her parents' house Abigail finds a party (read: town meeting) in full swing over something iffy found on the beach - a thighbone. And although iffy things aren't uncommon in Port Kingerton, Abigail's surprise arrival forces a family - and an entire town - to unpack a twenty-four-year-old secret that rocked this tiny place to its core: that time they found something much iffier ...

Through Abigail, her grandfather Old Dick Fancy's unreliable memories and the collective voices of the town itself, Port Kingerton unravels as old wounds are picked open, skeletons fall from closets and unlikely bonds are forged. But will Abigail finally change the past ...? Fresh, punchy, expertly crafted and deliciously wry - the author of *The Other Side of Beautiful* returns with a tour de force of a small-town mystery where a homecoming lifts the veil on a time when a town failed to stand up for its girls.

"A humorous novel by Booth Tarkington that gently satirizes first love, in the person of a callow 17-year-old, William Sylvanus Baxter. Seventeen takes place in a small city in the Midwestern United States shortly before World War I. It was published as sketches in the Metropolitan Magazine in 1915 and 1916, and collected in a single volume by Harper and Brothers in 1916,[1] when it was the bestselling novel in the United States"--Wikipedia.org. There is September 11 and then there are the days after, and finally the years. Falling Man is a magnificent, essential novel about the event that defines turn-of-the-century America. It begins in the smoke and ash of the burning towers and tracks the aftermath of this global tremor in the intimate lives of a few people. First there is Keith, walking out of the rubble into a life that he'd always imagined belonged to everyone but him. Then Lianne, his estranged wife, memory-haunted, trying to reconcile two versions of the same shadowy man. And their small son Justin, standing at the window, scanning the sky for more planes. These are lives choreographed by loss, grief and the enormous force of history. Brave and brilliant, Falling Man traces the way the events of September 11 have reconfigured our emotional landscape, our memory and our perception of the world. It is cathartic, beautiful, heartbreaking. A middle-aged widow makes a new life in a strange apartment house. Nona Henry's husband is dead, and with him the life they spent years building in New York City. Unable to bear the Manhattan winter without him, Nona goes west to Pasadena, California, land of sun, sand, and rebirth. She finds a picture postcard advertising a boarding house called Sans Souci and, charmed by the elegant hotel's stately patio, makes a one-month reservation. Reality does not live up to the postcard. Sans Souci is dingy, cramped, and dark, a claptrap hotel full of shabby rooms whose windows overlook a run-down neighborhood. But Nona will not give in. Sixteen other widows live in the hotel. Some are lifers, some just passing through. In this eclectic mix of women whose men have gone, Nona finds a niche, and learns that the end of her old life can't stop her from beginning again. A review of history, antiquities and topography in the county. From the Booker Prize-winning author of *The Sense of an Ending* and one of Britain's greatest writers: a brilliant collection of essays on the books and authors that have meant the most to him throughout his illustrious career. In these seventeen essays (plus a short story), Julian Barnes examines the British, French and American writers who have shaped his writing, as well as the cross-currents and overlappings of their different cultures. From the deceptiveness of Penelope Fitzgerald to the directness of Hemingway, from Kipling's view of France to the French view of Kipling, from the many translations of *Madame Bovary* to the fabulations of Ford Madox Ford, from the National Treasure status of George Orwell to the despair of Michel Houellebecq, Julian Barnes considers what fiction is, and what it can do. As he writes, "Novels tell us the most truth about life: what it is, how we live it, what it might be for, how we enjoy and value it, and how we lose it." An anthology of new and emerging writers in Australia. Includes poetry, short stories and creative non-fiction works, total of 30 pieces. This edition has been collated and edited by Beau Hillier, with the help of a great team: Editors: Stephanie Heriot, Kristin Pedder, Ashley Tarleton Proofreaders: Rebecca Courtney, Belle Savage Layout: Les Zigomanis Front cover image: Martin Nitschke The updated edition of Julian Barnes' best-loved writing on art, with seven new exquisite illustrated essays 'Flaubert believed that it was impossible to explain one art form in terms of another, and that great paintings required no words of explanation. Braque thought the ideal state would be reached when we said nothing at all in front of a painting. But we are very far from reaching that state. We remain incorrigibly verbal creatures who love to explain things, to form opinions, to argue... It is a rare picture which stuns, or argues, us into silence. And if one does, it is only a short time before we want to explain and understand the very silence into which we have been plunged.' Julian Barnes began writing about art with a chapter on Géricault's *The Raft of the Medusa* in his 1989 novel *A History of the World in 101 1/2 Chapters*. Since then he has written a series of remarkable essays, chiefly about French artists, which trace the story of how art made its way from Romanticism to Realism and into Modernism. Fully illustrated in colour throughout, *Keeping an Eye Open* contains Barnes' essays on Géricault, Delacroix, Courbet, Manet, Morisot, Fantin-Latour, Cézanne, Degas, Cassatt, Redon, Van Gogh, the legendary critic Huysmans, Bonnard, Vuillard, Vallotton, Braque, Magritte, Oldenburg, Howard Hodgkin and Lucian Freud. It also offers new perspectives on the fruitful relationship between writers and artists, and on the rivalry among Russian collectors of French art in the late 19th century. 'A typically elegant and absorbing book by one of the greatest contemporary English writers.' *Guardian* *Books of the Year* 'Gave me a new confidence in how to understand and, more importantly, enjoy wandering around an exhibition.' Mariella Frostrup 'My book of the year.' Natalie Haynes, *Independent* "Just think of it as a bad haircut." Hubert watched the surgeon hold up a sterile bag of circumcision tools.
