Book three of London Undead The zombie epidemic in London has been contained, but that's all the werewolf pack that protects the city has been able to manage. Danny, as pack medic, is concerned the epidemic isn't showing any signs of slowing down. And that the pack's Alpha is too focused on eliminating the deadly threat to consider working toward a cure. When a team of American scientists arrive, talking of a vaccine, Danny is quietly hopeful. Deanna thought she was prepared for anything. But an argument with the London pack leaves her research team exposed and alone, on their own against countless hordes of the walking dead. Within hours, her colleagues are slaughtered...and it's only because of Danny that she manages to get out alive. Deanna unhinges Danny in every way, tempting him beyond reason. She also pushes him to face the one thing he'd been avoiding: his Alpha is wrong. Simply surviving isn't the answer...it can't be. This is a collection of stand-alone dark thriller romances with a common theme: narrators draw their listeners in to their haunting tales, and these stories have a shocking, life-changing connection to the listeners. "The story, The Mystery Box, that gives this set its name, is worth the price (and much more) all by itself. It's very hard to classify. Sometimes it's a mystery, sometimes predictable. It's both a horror story and a love story. It will leave you outraged sometimes, crying at others. It will set your nerves on edge, and tug (hard) at your heartstrings. Reading it is like being on a very strange rollercoaster. It will run your emotions from one end to another. In several places, it's hard to read without shuddering, shivering, cheering, rejoicing, and crying. The characters are so well written, the plot so intricate, and yet so simple, that it involves you fully in the story without being aware of it. You start in a simple life, with a bored housewife. By the end, if you aren't crying, or at least have tears in your eyes, you are a stronger person than I. It's one of the best stories I've read in my 74 years on this earth."--Allyn, Goodreads Reviewer

★★★★ "I would have loved to have three separate books instead of a box set. Each one is a gem by itself; three absolutely different themes, each with special ethos. Imagine what will happen if you can travel faster than light! How about becoming an archaeologist! Each plot has been well conceived, properly laid out in a free flowing manner. It is difficult make a choice between the three divergent books. Only choice is to vote them all in!"--venky. Goodreads Reviewer ★★★★★ "I just finished The Mystery Box Set and all I have to say is be ready for three amazing stories that will keep you reading well into the early morning hours. Many nights I had to set down my Kindle to get some sort of sleep."--Rachel R. ★★★★★ "I have only read The Mystery Box and Mystery Man, but although the "Box" is very, very good, the "Man" is excellent. I did not want it to end. Fabulous writing! Kudos to Eva Pohler, who has not disappointed thus far."--Amy C. ★★★★★ "After reading this box set, I am now a new fan of Eva Pohler! Three totally different mysteries that grabbed me from the first page and had me reading until I was finished. Each one as good as the others. I can't wait to read more of her books!"--Jennie Ersari ★★★★★ "I loved this box set. All 3 books were absolutely gripping. The story lines were totally different, but each so very good. So thought provoking, with surprise twist and turns. I read all 3 books in just a few days, as I couldn't put the kindle down."--Goodreads Reviewer ★★★★★ Grab your copy to begin these chilling adventures today!
